Christmas Ornament

Pattern #26

**This pattern is for a finished 12” x 12” block.
Read all the instructions before beginning.**

Supplies Needed:

Fabric:

Fat quarters of: 5 different fabrics for Christmas ornament

Gold Fabric

12 1/2” square piece of background fabric

[HeatnBond® Lite Fusible Adhesive](#) or HeatnBond EZ Print Lite Sheets Coordinating Thread

Applique Instructions:

Use the photos to place your pieces.

HeatnBond Lite Instructions:

With your HeatnBond Lite, trace each pattern piece. There is no need to reverse the pattern. It has already been done for you.

If using HeatnBond EZ Print Lite: **Using your inkjet printer**, print the pattern pieces onto the EZ Print Lite sheets. Load in one sheet to your printer at a time.

NOTE: The large ornament piece will have to be traced onto the Lite, not the EZ Print sheets, due to its size.

Cut around each piece leaving at least 1/4”. Iron the interfacing onto the wrong side of your fabrics. Cut the pieces out on the line.

Remove the paper backing, lay each piece according to the picture onto the 12 1/2” square of background fabric. Iron in place.

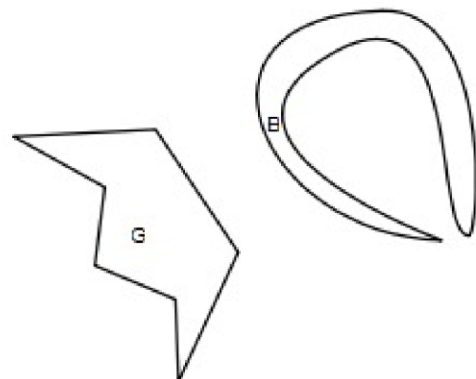

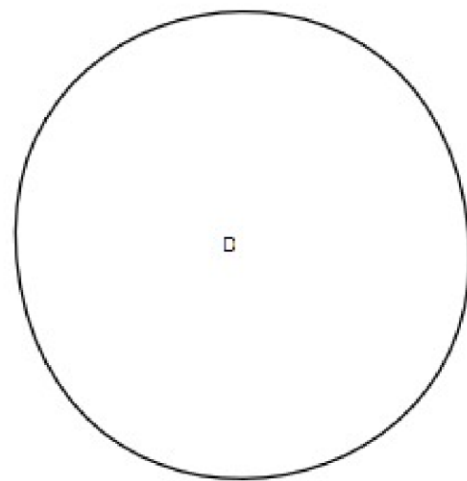

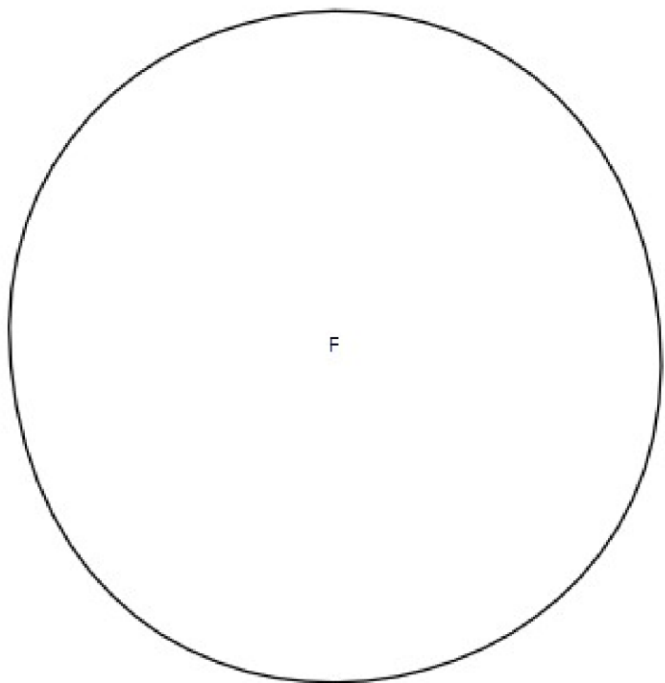

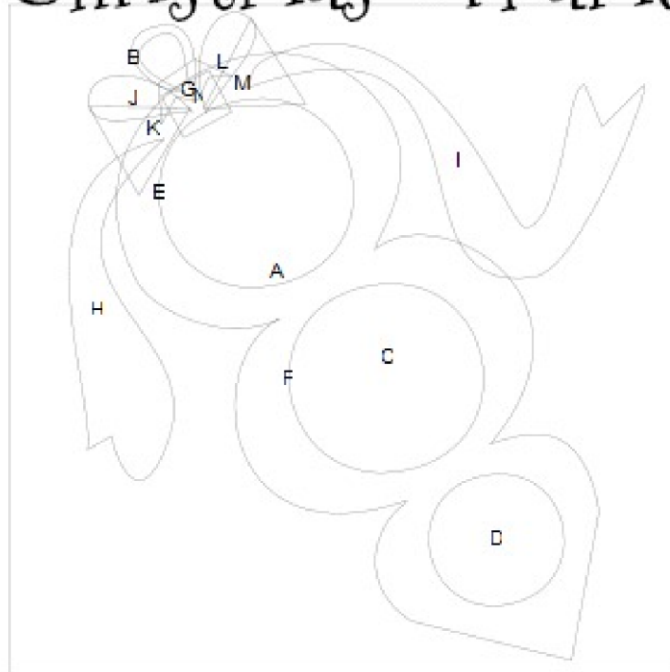

Machine stitch around the design.
