Snow Day Pillow Instructions

Step 1: Cut a 20" square from the background fabric. Save the rest of the fabric for the back.

Step 2: Print the Snow Day pattern onto the EZ Print HeatnBond Lite Sheets.

Step 3: Iron the SNW to the Small Print Fat Quarter.

Step 4: Iron the snowflake shape to the White Fat Quarter.

Step 5: Cut out the shape and letters directly on the line.

Step 6: Find the center line of the background fabric by folding it in half and ironing a small crease in it.

Step 7: Layout the letters onto the center line. Find where the Snowflake will go, but remove it and wait to iron

it on. Leave approximately a 3" space from right and left edge of the letters to the edge of the background fabric.

Step 8: Iron the letters in place and then stitch around them using an applique stitch.

Step 9: Iron the Snowflake on top of the N and W. It will overlap both letters. Stitch around the Snowflake.

Step 10: Take the Pompom Trim and baste it to the edge of the pillow top.

Step 11: Create the back to the pillow.

Step 12: With right sides together, stitch the front and back of the pillow cover together.
