

1" x 1"

1/4" Seam Allowance

With your fabric wrong sides together, lay your heart pocket piece on top of the fabric and cut around the pattern piece. Repeat this step for a total of 4 hearts.

Sew around the heart using a 1/4" seam allowance, remembering to leave a 2" opening on the side. Clip all the curves, taking care not to clip any stitching.

Turn right side out and press.

Place on the front of your skirt and topstitch around the bottom half, creating a pocket.
